PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building production-level SaaS applications using **Next.js, React, Node.js, Express.js, and MongoDB**. Skilled in developing **multi-role systems, RBAC**, and **REST APIs**.

WORK EXPERIENCE

Full Stack Web Developer

11/2025 – Present

ESTA Enterprises Pvt. Ltd.

- Developing and maintaining **scalable SaaS applications** with **multi-role architecture**
- Designing and implementing **REST APIs, JWT-based authentication**, and **RBAC** systems.
- Building end-to-end features across frontend (**Next.js**) and backend (**Node.js, Express.js**).
- Collaborating in team environments using **Git-based workflows**.
- Deploying applications on **Vercel** and **Render** with environment configuration and production setup.

MERN Stack Intern

01/2025 – 06/2025

Srishti Campus, Thiruvananthapuram

- Developed full-stack applications using **React, Node.js, Express.js**, and **MongoDB**.
- Built and integrated **RESTful APIs** with frontend systems.
- Assisted in **debugging, testing**, and deployment of applications.

KEY PROJECT

Marry Mitra - Multi-Role SaaS Platform

(Next.js, Node.js, Express.js, MongoDB, RBAC)

- Developed a **multi-role SaaS platform** supporting **Users, Admins, Staff, and Franchise roles**
- Implemented **hierarchical RBAC** with **role-based permissions and access control**
- Designed and integrated **scalable REST APIs** with efficient **state management and frontend synchronization**
- Built **real-time features** including **user presence tracking, messaging system**, and **support chat**
- Developed **workflow-based approval and moderation systems** with corresponding **admin dashboards**
- Implemented **subscription-based access control**, restricting features based on user plans
- Developed **content sharing systems with visibility control and user interaction workflows**
- Optimized **application performance and responsiveness** across devices

PROJECTS

CV Craft-Resume Builder Platform

(React, Node.js, PDF Generation)

- Built a dynamic resume builder with multi-step form handling and real-time preview.
- Designed a **reusable template engine** for dynamic content rendering.
- Implemented **PDF generation** workflows for downloadable resumes.
- Developed responsive UI with optimized state management and API integration

TechBlog-Full Stack Blog Application

(MERN Stack, AI Integration)

- Developed a full-stack blog platform with **AI-powered summaries, chatbot integration, authentication, and RBAC-based admin moderation.**
- Built features including **voice-to-text post creation, comments,** and search functionality.

Travel Buddy-RPA Automation

(UiPath, Excel Automation, Web Scraping)

- Automated flight booking workflows, reducing manual effort and processing time.
- Integrated Excel automation, **email workflows,** and **web scraping pipelines** using UiPath.

TECHNICAL SKILLS

Frontend

Next.js (App Router), React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Responsive Web Design

Database

MongoDB (Schema Design, Query Optimization)

Real-Time Systems

User Presence Tracking, Event-Driven UI Updates

Automation & RPA

UiPath, Excel Automation, Web Scraping, Email Automation

Backend

Node.js, Express.js, REST API Development, JWT Authentication

Architecture & Concepts

Full Stack Development, Role-Based Access Control (RBAC), Authentication & Authorization, Workflow Systems, State Management, API Integration, Subscription-Based Access Control

Tools & Platforms

Git, GitHub, Postman, Firebase, Vercel, Render

LANGUAGES

- English
- Hindi
- Malayalam

EDUCATION

Bachelor of Computer Applications (BCA)

Indira Gandhi National Open University

07/2025 – Present

Diploma in Robotic Process Automation (RPA)

College of Engineering Pathanapuram

CGPA: 7.9

08/2021 – 08/2024

Higher Secondary - Science

GHSS Ashtamudi, Kollam

Percentage: 79%

2021

ADDITIONAL INFORMATION

Internship

Keltron-Computer Hardware & Networking

Workshops

- Fault Detection & Electrical Machines
- Blockchain Technology & IoT
